

OPERATIONS MEMO

Update from the California Student Aid Commission

STATE OF
CALIFORNIA

December 18, 2015

GOM 2015-42

TO: Financial Aid Administrators

FROM: Catalina G. Mistler 
Chief, Program Administration & Services Division

SUBJECT: **WebGrants College Cost Estimate Screen**

This Operations Memo from the California Student Aid Commission (Commission) announces that update capability is now available on the 2016-17 WebGrants (WG) Cost Estimate screen. Each year, the Cost Estimate information is used by the Commission to determine the financial need and award amounts for Cal Grant participants enrolling at participating Cal Grant institutions.

College Cost Screen

- Is pre-populated with the data used for the 2015-16 year. If the school does not provide updated information for the 2016-17 academic year, the Commission will use the pre-populated data even though it is the prior year's cost information.
- Your institution must update the pre-populated fields with the actual 2016-17 information by typing over the pre-populated numbers. Please note that using outdated information could be a disadvantage to some students in the determination of their financial need for a Cal Grant award.
- The Commission anticipates processing the first 2016-17 Cal Grant award offers beginning February 2016. Therefore, we encourage all participating institutions to update and complete the WebGrants College Cost Estimate information by **Friday, January 29, 2016**.
- Access to the Cost Estimate screen is granted by your school's WG System Administrator. The *School Information Screens User Guide* is available in WG on the Help page. Cost Estimate screen instructions begin on page 7.

Clarification of Budget Information

- Institutions must provide cost information for three budgets: on-campus, off-campus and with-parents.
- Enter the budget information for **all estimated attendance expenses excluding tuition and fees**. Tuition and fees are to be entered in another location on the screen.

- The sum of the tuition, fees and on-campus, off-campus or with-parents information should equal the same budgets the institution will use when determining financial need for the 2016-17 financial aid award year. Please ensure the data is entered in this manner so accurate Cal Grant awards can be made for your campus.

High School Graduation Confirmation Opt Out

- The WG Cost Estimate screen has a check box for campuses wishing to opt out of the Entitlement Cal Grant high school graduation confirmation process. By checking this, a campus chooses to "Opt Out" of campus verification and assumes the liability for any new Entitlement Cal Grant funds disbursed to students who have not graduated from high school or achieved the equivalent as required by law and as described in [GOM 2015-13](#).
- Campuses choosing to **not** "Opt Out" will allow the Commission to gather high school graduation information for new Entitlement Cal Grant participants from students, high schools and colleges. The Cal Grant roster displays the confirmation status for new Entitlement Cal Grant participants. Institutions can download the High School Graduation report from the WG Report Download screen.
- Individual students are not affected by a campus checking the Opt Out box. Although payment is allowed at the campus choosing to opt out, the individual student would still need to have their high school graduation status verified if they attend another school.
